Who is Insurance House?

Insurance House was established in 1975 to provide insurance brokering services to Echuca and surrounding regions. Today Insurance House has grown into a diverse insurance brokerage with an office network extending through rural Victoria, Southern NSW, and metropolitan Melbourne (logon to www.insurancehouse.com.au to find out more about us).

What does Insurance House Offer:

- A specialised Professional Indemnity brokering division with seven highly qualified and experienced brokers.
- A specialised Fire and General brokering division where all classes of insurance can be arranged.
- A full-time Claims Manager to assist with the quick resolution of any general insurance claims you may have.
- A specialised Financial Planning division handling life, income, trauma, superannuation and investments.
- A direct placement facility into London and other overseas insurance markets, which means no risk is too large or too difficult.
- A specialised Professional Indemnity underwriting division where most classes of professional indemnity insurance can be directly underwritten and completed by Insurance House via our underwriting binder with a Lloyds syndicate.

Insurance House has developed into a highly professional and sophisticated insurance brokerage, which now offers its clients a vast array of financial products to protect their assets and businesses. Insurance House is a fully licensed insurance brokerage, and is also a member of the National Insurance Brokers Association and Insurance Brokers Network of Australia.
